## How to make a deposit

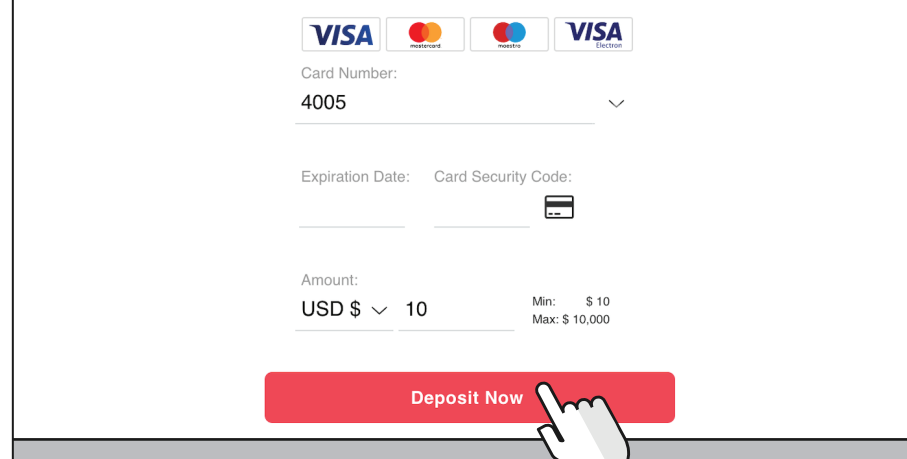

**Step 1** Log in to your Deriv account and click on Cashier.

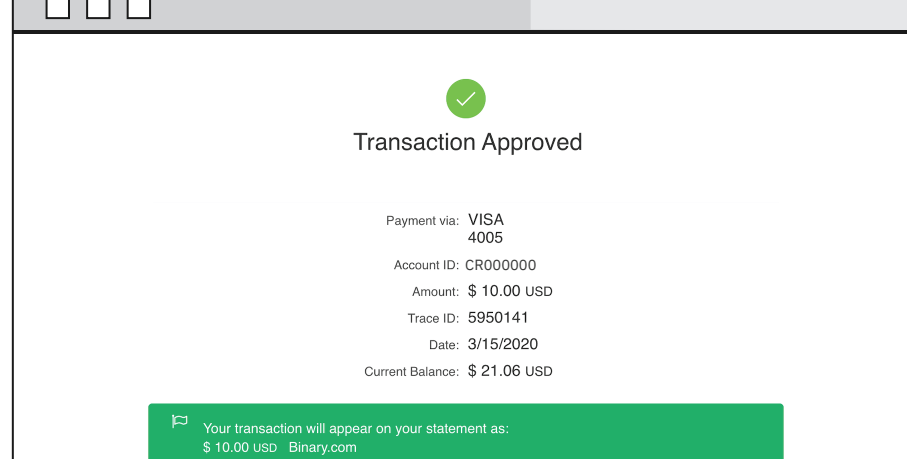

**Step 2** Select VISA Credit and Debit cards. If you're using Mastercard, it will display Mastercard.

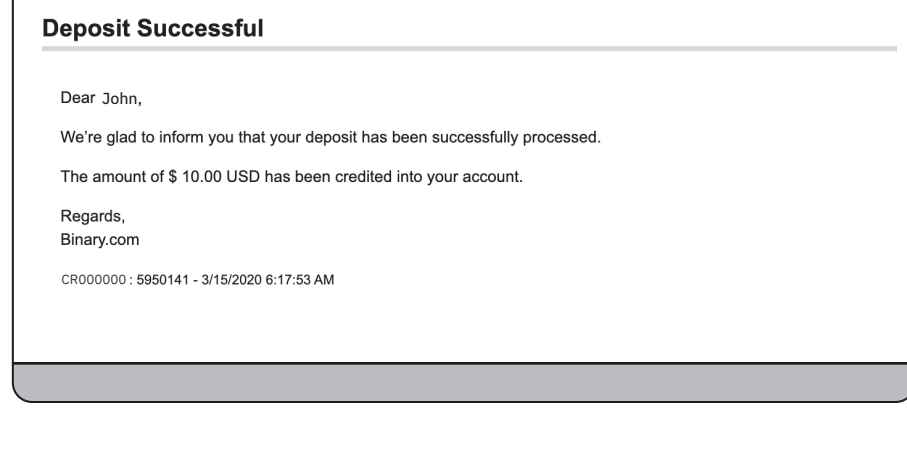

**Step 3** Enter your card credentials and the amount you wish to deposit. Then click Deposit now.

**Step 4** Once done, you will receive a confirmation of the approved transaction.

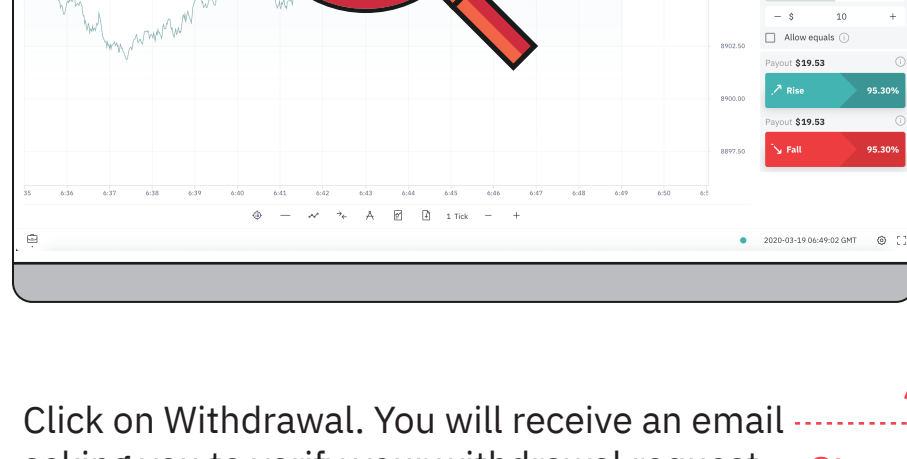

**Step 5** You will also receive an email confirmation of the successful deposit.

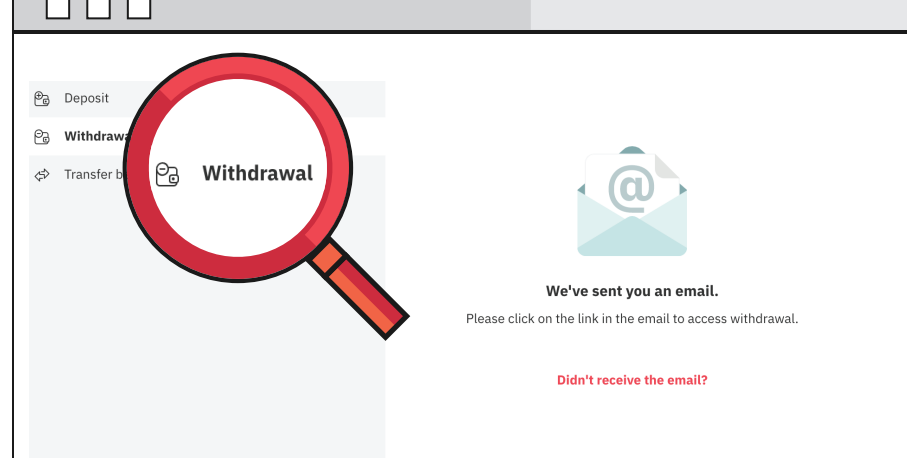

## How to make a withdrawal

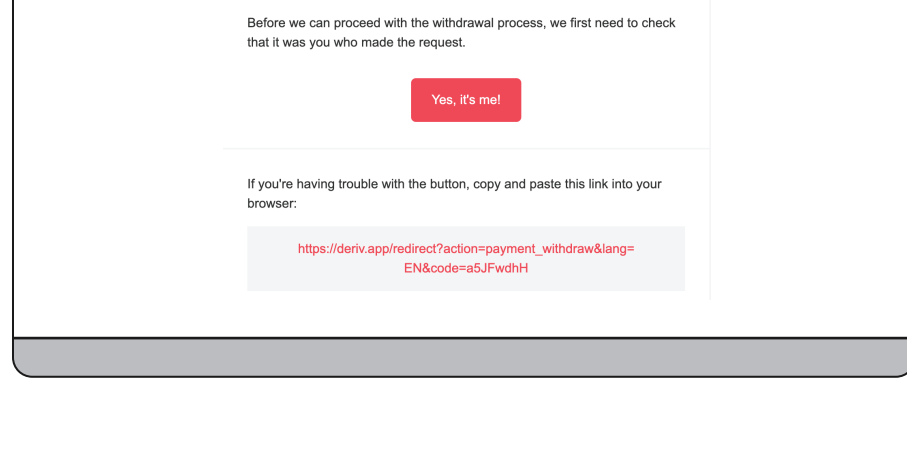

**Step 1** Log in to your Deriv account and click on Cashier.

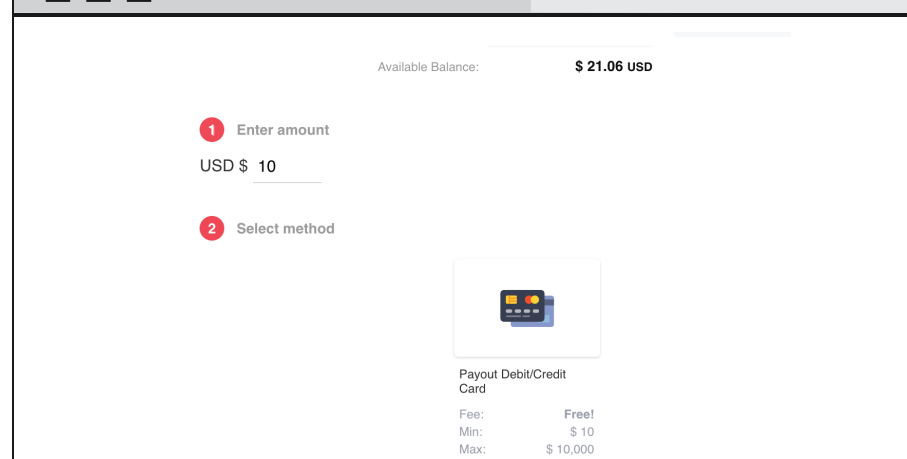

**Step 2** Click on Withdrawal. You will receive an email asking you to verify your withdrawal request.

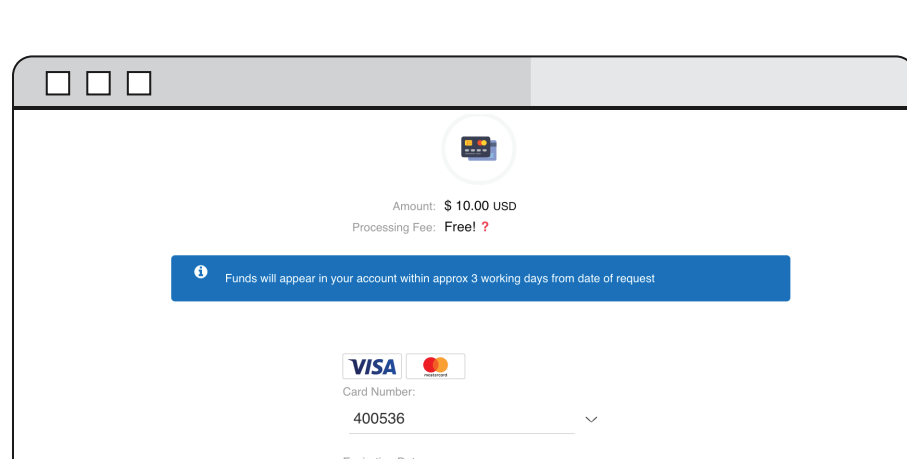

**Step 3** Follow the link that is sent to your email and it will redirect you to the Deriv cashier.

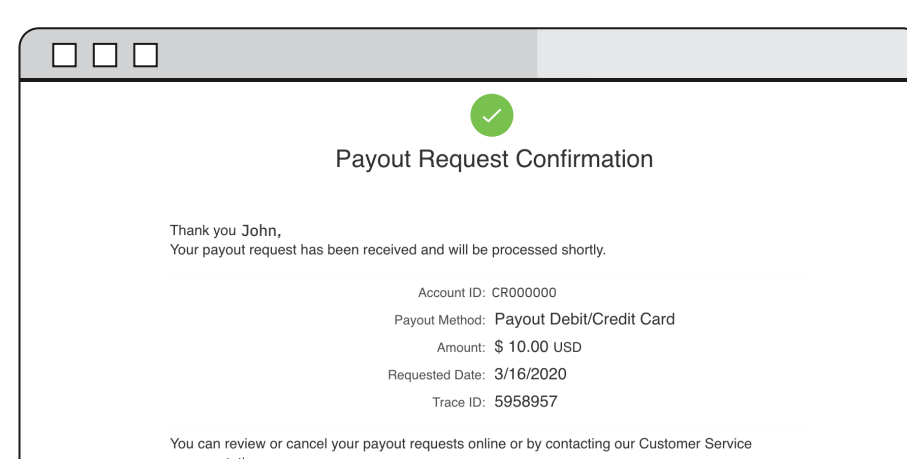

**Step 4** Enter the desired amount that you wish to withdraw from your Deriv account and select Debit/Credit card as your method of withdrawal.

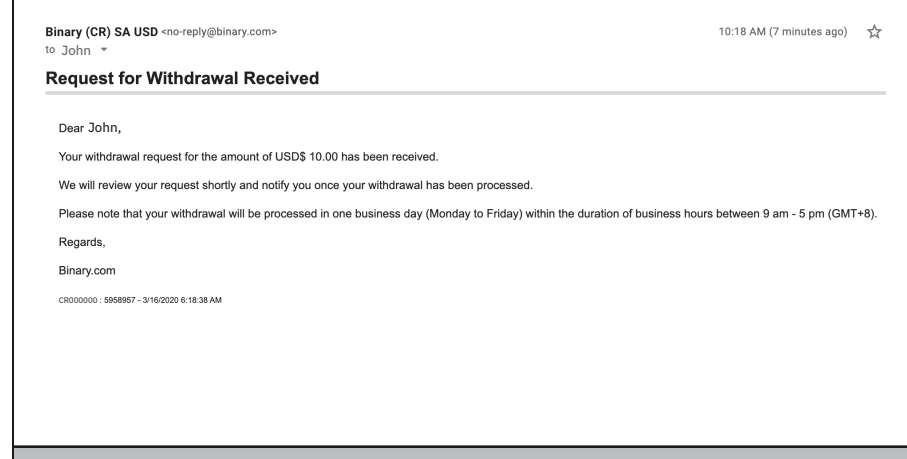

**Step 5** Enter the required card credentials along with the card type (VISA, Mastercard, etc.)

**Step 6** You will then receive a confirmation of the withdrawal request.

**Step 7** You will receive an email confirmation stating that the request for the withdrawal was received along with the processing time.

**Step 8** Once the withdrawal has been processed, you will receive another email stating that it was successful and the funds will be reflected on your chosen card.
